

★ *lasalliana*

FOREWORD

No. 6

1st June 1985

In the present number of *Lasalliana* which comes at the end of the school year 1984-85, you will find, in addition to the usual twenty leaflets, a list of 120 articles published in the last two years.

This list of titles will give you a more precise idea of the diversity and interest of the articles as a whole. The cumulative aspect of a publication such as *Lasalliana* is important. It invites the fidelity of contributors and readers and the ordering of additional copies of the numbers already published.

During the past two years the number of contributors has increased. As you may have noticed, the names of some contributors appear regularly. This is because the subject they have chosen to treat is the outcome of years of research, particularly on the writings of the Founder. We are grateful to them for sharing with us the results of their labours. Perhaps others will follow their example.

Personally, I think that *Lasalliana* is one of the publications in which the unity and diversity of the living Institute are most clearly evident. It is a useful means of mutual enrichment, modest, no doubt, but real. The more Brothers contribute to it by writing articles or by helping to publicize it, the better it will become.

With this final number of the school year your subscription comes to an end. You will receive, under separate cover, a subscription form for the year 1985-86 and we count on your renewing your orders. Don't hesitate to bring *Lasalliana* to the notice of your teacher friends, both religious and lay.

The Brothers in the Generalate who are responsible for finding contributors and for editing *Lasalliana* thank you for your help and fidelity. They would be grateful for the names and addresses of potential writers, Brothers and lay people, for the coming year.

With kindest regards and best wishes for success in your apostolate of education and evangelization.

Brother Léon LAURAIRE
