

N° 50
2 / 1999-2000

INTRODUCTION

• LASALLIANA has now reached number 50. This is not an insignificant milestone which is due to the efforts of many people, and it offers materials for discussion and for formation first of all to the Brothers and to all members of the Lasallian Family in general.

We believe that we are right to congratulate ourselves for this happy event and to congratulate all contributors to this publication in a special way. Their contributions are an excellent way of sharing within our family.

• The next issue of LASALLIANA, number 51, will be a special one, and it will contain indices, by subject and by author, of all the articles published in the 50 issues. It will be published once the General Chapter has begun.

• Among the articles offered in this issue, we would like to point out:

— Two articles by Brother Edwin Bannon, discussing two important works published recently in the Lasallian world: another volume of the Complete Works of the Founder, in Italian and a study of the first Brothers of the Institute, published in the United States.

— Two reflections, by Brother John Deeney, from the United Kingdom, concerning episodes from the Founder's life, and applying them to our present reality by means of prayer. They are part of series of reflections that we will be publishing in upcoming issues.

— Three articles dealing with experiences carried out in the Lasallian world:

* One by Rita Maloney, from the United States, based on the Colloquium on "Globalization".

* Another by Brother Philippe, from South Belgium, about attention to the "most poor" at this moment in history.

* The third, by Brother Manuel F. Magaz, about the activities carried out with former students in Catalonia.

All of these are experiences which can teach us a lot.

Very cordially yours,

Brother José María Valladolid,
Director of LASALLIANA
