

N° 53
1 / 2000 - 2001

INTRODUCTION

- This issue number 53 of LASALLIANA begins a new year of publication which will include numbers 53, 54, 55 and 56. Issue number 56 will be a special one.
- This is the first issue since the General Chapter. If the Chapter recommendations lead to some changes in the Institute publications then these changes will be made in due time while attempting to arrange them with what has already been planned, at the same time respecting the various works that are await publication.
- In this issue we would like to highlight two works in a special way because of their size:
 - The first includes eight articles on the topic of “Lasallian Spirituality” and the author is Brother Gilles Beaudet. Brother Gilles is a scholar on Lasallian topics and this series of reflections was published in the magazine “Reflets” of Canada Francophone. We are pleased to include these in LASALLIANA because they are very illustrative with regard to the formation of Lasallian partners who wish to know the teaching of De La Salle better.
 - The second is the work of Brother Olivier Perru concerning the Agricultural Institute of Beauvais, one of the most prestigious works of the Institute in France. This work includes four articles. We think that it gives a very succinct, historical view of this establishment and therefore is important for understanding the value of the pedagogical work of the Institute in France; it may also serve as a concrete example of the response given by the Institute to emerging needs in society.
- We would also like to remind those who are interested in completing their collection of LASALLIANA that any of the first 13 issues will be provided to you free of charge as long as there are issues available. The only charge will be for postage. Interested persons may contact the Director of LASALLIANA.

Fraternally in De La Salle,

Brother José María Valladolid
